Oporto British School

Established 1894

Section A – Introduction:

A1 – A Note to the Headmaster:

Before you devise your school health and safety policy, please read the following information:

1. Your policy must be kept up to date as it shows how you manage health and safety in your school.
2. You should involve staff and governors when devising the policy, and ensure that all staff is aware of what the policy means for them.
3. Some schools prefer to devise a short policy and cross reference to other documents held in school.
4. The policy should be signed by the Headmaster and the Chair of the Board of Governors, dated when signed, and *reviewed annually*.
5. As the policy is a management tool, it will be the first document you are asked to produce when visited by inspectors and auditors, where applicable.

A2 – Guidelines Regarding Health and Safety Policies:

A written health and safety policy is a requirement for the employer. It must be brought to the attention of the employees, and shown to a Health and Safety Inspector or auditor if requested.

An explicit safety policy demonstrates to staff, pupils and visitors that the organisation values their health, safety and welfare.

The allocation of responsibilities and the writing down of particular arrangements to implement the policy encourages a coherent approach to the management of health and safety.

For schools who are developing or revising their health and safety policy, this guidance and suggested detail should be presented for review to the Senior Leadership Team and to the Board of Governors for adoption before being presented to staff.

This process also provides for information to be shared later with others such as visitors and contractors.

The policy will then be reviewed annually in line with the cycle on the management plan but will be amended if new legislation/procedures etc. make this necessary.

HEALTH AND SAFETY POLICY STATEMENT

Of

OPORTO BRITISH SCHOOL

A3: Statement of Intent:

The Headmaster and Governors are committed to establishing and implementing arrangements that will:

1. ensure staff and pupils are safeguarded when on school premises, or engaged in off-site activities (e.g. school trips, sports events etc.).
2. ensure the premises for which they are responsible have safe access and egress for all staff, pupils and visitors.
3. provide adequate facilities and arrangements for welfare.
4. provide and maintain safe plant and safe systems of work without risks to health.
5. ensure safe use, handling, storage and transport of articles.
6. provide suitable information, training, instruction and supervision to keep all staff, pupils and visitors safe.

Section B – ORGANISATION

B1: Employer Responsibilities

Oporto British School as the employer has a duty in respect of health and safety to ensure that premises and people are healthy and safe.

The responsibility is devolved to the Headmaster, who has day to day responsibility for staff, pupils and others as 'officer in charge' of the premises.

The Headmaster will ensure the overall implementation of the policy.

B2: Headmaster Responsibilities

1. To ensure this policy is reviewed annually, or before if there are any changes in circumstances;
2. To ensure that employee responsibilities regarding health and safety are included in his/her job description and that it is properly received and understood;
3. To include health and safety issues in the school improvement plan, if necessary;
4. To carry out regular health and safety inspections (at least three times a year) and take remedial action as appropriate or to delegate that responsibility to an appropriate member of staff, e.g. the Health & Safety Officer;
5. To undertake risk assessments, record significant findings, and review annually, or before if there is a change in circumstance;
6. To receive and deal promptly with raised issues or complaints about unsafe premises, equipment or work practices;
7. To liaise with building maintenance consultants and/or with contractors to resolve property maintenance issues;
8. To ensure that the requirements of any enforcement officer (e.g. Health and Safety Inspector, Environmental Health Officer, Fire Liaison Officer, or Environmental Agency Inspector) are properly addressed;
9. To ensure that emergency evacuation procedures are in place and tested;
10. To ensure that adequate first aid provision is available and kept up to date;
11. To report health and safety issues to the governing body on a regular basis;
12. To monitor and review all health and safety policies and procedures.

NB: Tasks can be delegated to other staff members but the responsibility remains with the Headmaster.

Oporto British School

Established 1894

B3 – Governors’ Responsibilities

1. Responsibility for the health and safety of pupils lies with the governing body of the school, either as the employer of school staff or because it controls school premises (or both).
2. The governing body will promote a strategic overview for health and safety.
3. The governing body will take all reasonable measures to ensure that the premises and equipment on site are safe and do not put the health or safety of staff, pupils or visitors at risk while they are on the premises.
4. The governing body must comply with any obligation in Portuguese Law and Regulations and school policy concerning the health and safety of persons in school, or on school activities elsewhere.
5. The governing body will make adequate provision for maintenance of the school premises and equipment within the school’s delegated budget.
6. The governing body will support and monitor health and safety within the school.

B4 – Staff Responsibilities

1. Must take reasonable care of their own health and safety and that of others who may be affected by what they do or fail to do.
2. Will co-operate/comply with their employer on health and safety matters.
3. Will not interfere with anything provided to safeguard their health and safety or that of others.
4. Have a duty to report all health and safety concerns to the Headmaster, their Head of Section or Health & Safety Officer.

B5 – Head of Operations (Sites & Services Maintenance).

1. Has responsibility for ensuring that regard is given to health and safety concerns and to current H&S legislation when carrying out property maintenance plans for maintenance and improvement works.
2. Will ensure that property matters for which the Oporto British School as the employer

Oporto British School

Established 1894

has statutory responsibilities, (e.g. regular maintenance and testing of fixed electrical wiring or fixed gas appliances) are properly dealt with, (if necessary, by taking premises or fixed equipment out of use). The Head of Operations (Sites & Services Maintenance) is responsible for liaising with building consultants and/or with contractors, to resolve property maintenance issues.

3. Has the responsibility to be acquainted with, and up to date, with all Portuguese Environmental Health & Safety, Educational Health & Safety, Occupational Health & Safety, Fire Safety.

B6 – Health and Safety Committee and Health and Safety Officer

The Health and Safety Committee and Health and Safety Officer will have the following functions:

1. Represent employees generally and when you consult them about specific matters that will affect the health, safety and welfare of the employees.
2. Represent employees when Health and Safety Inspectors or Local Authorities consult them.
3. Investigate accidents, near misses, and other potential hazards and dangerous occurrences in the workplace.
4. Investigate complaints made by an employee they represent about their health, safety or welfare in the workplace.
5. Present the findings of investigations to Headmaster.
6. Inspect the workplace.
7. Make recommendations to Headmaster on health & safety concerns.
8. A Health and Safety Committee, made up of the Health and Safety Officer, Heads of Section (Primary and Secondary), Head of Operations (Sites and Services Maintenance) and the Lead First Aider will convene on a monthly basis. The minutes of these meetings will be freely available to all staff.

Oporto British School

Established 1894

B7 - Consultation with Employees

It is a requirement to consult with employees on health and safety issues. A Safety Committee is where formal consultation with employees takes place, but individual and group staff meetings are also appropriate forums for communication on health and safety matters and concerns.

B8 – Information, Instruction and Supervision

1. Supervision of young workers/trainees will be arranged/undertaken/monitored by the Headmaster or other delegated key members of staff.
2. The Headmaster will supply adequate information, instruction and supervision for all staff, pupils and visitors to ensure their health and safety.

B9 – Competency for Health and Safety Tasks and Training

1. Induction training will be ensured for all members of staff by the Headmaster.
2. Training will be identified, arranged and monitored by the Headmaster and the governing body.
3. Staff is also responsible for drawing to the attention of the Headmaster their own personal training needs.
4. Central Registry records will be easily accessible for audit purposes and will be kept up to date.

<p>The person responsible for holding the records is: Robin Silk (Headmaster)</p>
--

B10 – Monitoring

1. The Headmaster or delegated appropriate member of staff will check working conditions and ensure that safe working practices are being followed. Regular inspections will be undertaken of the school building and grounds three times a year.
2. The Health and Safety Officer is responsible for investigating accidents although the accountability lies with the Headmaster.
3. Heads of Section (Primary and Secondary) are responsible for investigating work-related

Oporto British School

Established 1894

causes of illness, injury and absences, although the accountability lies with the Headmaster.

4. The Headmaster is responsible and accountable for acting on investigation findings in order to prevent a reoccurrence.

Section C – ARRANGEMENTS

5. COSHH assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest.

C11: Inspection of Premises, Plant and Equipment

1. The Headmaster through the Health & Safety Officer will arrange for formal inspections of the premises, plant and equipment to take place three times a year and draw up an effective maintenance programme. One of these inspections will be carried out on an annual basis by an independent company. *See annex 7*
2. All identified maintenance will be implemented on an agreed timescale.
3. Routine checks may be undertaken by a combination of class teachers, governors, caretaking staff and the Headmaster/Head of Section using the checklists. *See annex 7.*
4. Access to store rooms; boiler rooms; tank and plant rooms should also be checked, including checking for inappropriate storage of ladders and tools.
5. Heads of Sections are required to undertake Health and Safety checks on a once a term basis.

Oporto British School

Established 1894

C12: Water Quality Management

Head of Operations (Sites & Services Maintenance) will arrange for independent water hygiene tests to be carried out every two years. These tests will identify if there are areas where conditions are such that legionella bacteria could grow; list any required works; and include details of future monitoring requirements that the school is responsible for. Therefore all identified remedial works will be incorporated into the school's maintenance programme. *see annex 8*

Monitoring of the water system is a requirement and the school will ensure this is undertaken.
